To Whom It May Concern

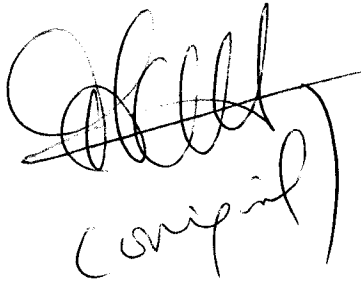

This is to confirm that the Department for Social Welfare Standards, within the Ministry for Social Policy, has signed an agreement with the International Charity Society (ICS) on the 7th December 2004, outlining the procedure to be followed for the organisation of holiday visits for children from the Russian Federation by the International Charity Society.

The Department for Social Welfare Standards, as an authorised Government department, conducts assessment visits to Maltese families, who host these minors during the latter's holidays. The Department for Social Welfare Standards also has the right to monitor hosting families during the Russian children's stay in Malta.

Social workers from the Department for Social Welfare Standards visit all prospective hosting families, to check their suitability, and the undersigned submits a recommendation to the Department for Citizenship and Expatriates with regard to the issue of visas to under aged citizens of the Russian Federation for a definite period of time.

Dr Kenneth Grech
Director (Social Welfare Standards)

Dr. Patricia Hattula
Notary Public & Commissioner of Oaths
